A SERIOUS ACCIDENT.

A Wr[illegible] Near Week

Twenty-two Persons Thought to Have Been Killed.

Rush of Water Into the Locomotive Explodes the Boiler.

The Flames Add to the Terrors of the Accident.

[illegible]

Thirty of the wounded have been taken to Roanoke, thirteen to Burwell's ville, and fifty to Liberty. The adopted daughter of Mrs. Judge Thompson, of Augusta county, was killed, and Mrs. Thompson herself is known to be badly hurt. Dennan, the engineer, with his fireman, were scalded and burned to death by escaping steam. Train Dispatcher Lipsey was also burned to death. Among others who lost their lives were J. J. Rose, postal clerk, of Staunton; Mr. John Kirkpatrick, of Lynchburg; Mr. Siegel and husband, and two children and a passenger on the train whose name cannot be learned.

A Jury Selected.

DENVER, July 2.—The selection of a jury in the Connor Maybell conspiracy case was resumed in the district court to-day. Late this afternoon the following gentlemen were selected, when the court adjourned until to-morrow morning, when the examination of witnesses will begin: E. S. Day, C. W. Ames, E. D. Cisler, D. C. Elliott, Henry Allen, F. C. White, Samuel L. Darby, James Welhous, Luther E. Cassell, James McNeil, Oscar A. Anthony and G. P. Atmore. The Times this evening prints an excellent cut of Samuel J. Holliday, alias Joe Ward, the famous detective who entrapped the Connor brothers and Marshall in the alleged conspiracy. The Times claims that this is the first time that his face has ever appeared in print. He will probably be put upon the witness stand to-morrow.

In the House of Commons.

LONDON, July 2.—In the commons this evening Ferguson, parliamentary secretary of the foreign office, in answer to an inquiry stated that the new treaty between Japan and Mexico had not yet been ratified. The treaty between the United States and Japan, which was signed February 20th, would go into force February 11th, 1890. The government, he said, would shortly begin negotiations with Japan with the object of securing for England equal privileges with all other countries.

In relation to the treaty agreed upon by the Samoan conference at Berlin he said it would not be proper to divulge any of its provisions until it had been ratified by the United States senate. The statement, however, that England had agreed to retire from her position as one of three protecting powers at Samoa and act only as umpire between the United States and Germany was unfounded.

Sullivan to Come Here.

CINCINNATI, July 2.—John L. Sullivan and party arrived in this city this afternoon. Among the sporting fraternity of this city opinion is almost equally divided as to the respective merits of Kilrain and Sullivan and in any one of the opinion that the affair will not be a one sided one. There is very little betting because a number of Sullivan's friends are afraid to back him because of his broken ribs. They say how can he stand six rounds unless he breaks a rib at first. On the other hand Sullivan's friends believe he can beat Kilrain no matter how the fight is not at a premium.

Land Case Decision.

WASHINGTON, July 2.—Secretary Noble to-day rendered a decision in the long pending Pine Meadows land case. The case came before the department on an application of Meadows for a review of a decision ago not long ago in favor of the claimant, in the matter of Spencer. The decision was in favor of Spencer. The case involved a contest between the claimant and Meadows for a tract of land in the matter.

Weather Indications.

WAR DEPARTMENT,
WASHINGTON, D. C., July 2, 10 p. m.

Indications for twenty-four hours from morning Wednesday, July 3: [illegible] For Colorado: Fair weather, variable winds.

The Governor's Protest.

MOBILE, Ala., July 2.—Sheriff Batcombe this morning received a telegram from Governor Seay directing him not to allow the Sullivan-Kilrain prize fight to take place in Mobile county.

DAVITT'S TESTIMONY.

Parnell Commission Hears Some Interesting Evidence.

An Explanation of a Mysterious Letter Written by Davitt.

Latest Particulars About the Durango Conflagration.

One Hundred Families Left Homeless by the Great Fire.

Davitt Examined.

LONDON, July 2.—Mr. Michael Davitt was examined before the Parnell commission to-day. Davitt declared there was no truth in the account given by Le Temps of the composition of the letter purporting to be from John Dillon being submitted to Parnell. Parnell had nothing to do with the letter. The witness had intended to cause another visit to America on a lecturing tour to raise money to help the American movement.

Davitt stated that while in America he attended meetings of the Clan na Gael at which he explained the objects of the land league, and tried to win the Clan na Gael to its support. The Clan na Gael he said included some of the best Irishmen in America. It was no more a murder club than the Carlton club of London. There were no alliances between the Clan na Gael and the league. The league movement in America had won the support of all Irishmen in America to Parnell. The witness said that he was opposed to the use of dynamite. It was an unmanly style of warfare. Davitt said he had known Alexander Sullivan since 1878 and had the highest opinion of his ability as a lawyer, his character as a citizen and his honor as a man. He did not believe him capable of any dishonorable act.

In reference to the Phoenix Park murders, Davitt said that Parnell came to him on the Sunday following the day of murders utterly broken down at the news. He said: "Davitt I shall send my resignation to Cork to-night. I refuse to stay in a movement when irresponsible men, of whom we know nothing, can come behind our backs and perpetrate such deeds." "It took all my influence," said the witness, "to dissuade him from resigning. We worked hard and circulated throughout Ireland a manifesto condemning the murders and there was absolutely no ground for the suggestion that I or any of my colleagues were in any way connected with the crimes."

"He believed the outrages were due to the agitation of local agrarian bodies composed principally of the sons of tenant farmers. The witness said there was a prospect of the agitation ceasing. He disliked agitation and would willingly abandon it to-morrow if he saw some justice done to Ireland. He could not abandon it otherwise. Davitt continued: "Beyond stating publicly in New York in July 1882, that I had severed my connection with the revolutionary body, I expressed no dissent of the Fenians. I did not attend any meeting of the Clan na Gael after 1880. I believe the murders were committed by members of Clan na Gael but the perpetrators certainly did not have the sanction of the governing body nor the approval of the leaders." The witness continuing said that in the letter which he wrote he used the words "pent" meaning revolver. He declined to say to whom the letter was addressed.

The attorney general: "Was it Arthur Forster?"

Davitt—"I cannot say without possibly injuring a man who greatly wronged me."

Presiding Justice Hannen said that the court appreciated the motive of the witness' reticence, but could not recognize it as an excuse for not answering. Davitt then said that the man to whom the letter was written had conceived a hatred for another member of the league and wished to murder him. The witness wrote to him appearing to sanction the act he meditated but really to gain time until he could write to two superior officers and ask them to dissuade the man from carrying out his purpose. The expression used in the letter was "whoever is employed do not let him use the pent we have been using." The witness wrote to two superior officers about the matter. He could not tell their names. Davitt said the dear friend to whom was addressed the letter in which the word "pent" appeared was now in America and he publicly appealed to him to divulge his name.

The Durango Conflagration.

DENVER, July 2.—Additional particulars have been received from the Durango conflagration. As soon as the fire was discovered the entire fire department was called out but their streams of water which were poured upon the fire seemed only to aggravate the flames until it became so hot that the were compelled to beat a hasty retreat. Their attention was then turned to confining it to that part of the town lying north of the street but this the firemen were unable to do for it became so hot that it was utterly impossible to get close to it, notwithstanding the wind was blowing in the opposite direction.

The roof of the city hall on the south side of Main street took fire and that building along with a row of frame buildings on the city hall property were consumed. A building occupied by M. L. Green as a bakery with that occupied by Messrs. Beal, Boyle & McCloskey were then consumed. Returning to the block where the fire originated the remaining part of the block lying to the north was consumed and crossing the street the Boston and Wilders photograph galleries, Chapman's hardware store, the Grand Central livery stables, the Opera house theatre, the Grand Central hotel, The Idea office and some twenty dwelling houses were completely destroyed. The court house in which are the vaults containing the county and court records was the next building doomed. It was only the work of an instant when the large structure was a mass of flames. The old German house across the street and north from the Grand Central was soon taken up by the flames that were leaping madly south and west. The fire consumed the building rapidly with four or five other buildings. Galloway's livery stable went along with the rest as did also a row of residences in the same block facing Second street. The flames were still not stopped with their deadly work but skipped across Second and streets to the Methodist parsonage and church. The Presbyterian and Episcopal churches then caught fire and with fifteen dwellings adjoining were completely destroyed.

PIKE'S PEAK REAL ESTATE!

JUST! THE WARNING!

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!
Only 3 Blocks from The Antlers Hotel!
Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 110 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without only considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 8-inch Water Pipe, connected at Cheyenne street with a 16-inch main: the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the City are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

LOT IN PARRISH'S ADDITION FOR $350

To $1,000—a full size lot 50 by 190 feet—do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages ACROSS THEM, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $400 to $400. They here very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT
DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are erected at the operation just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!
THE SURROUNDING VIEWS
ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I am able to add to Your Investment as Much Land in CALVERT HEIGHTS as you can afford to buy, with the result that before the year is out, *you will again be glad that you have taken my advice.*

CALVERT HEIGHTS!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have *to Pay an Advance.*

Mr. Roosevelt's conscientious work in behalf of the civil service reform is making him very unpopular with a number of democratic newspapers which think that civil service reform looks well in a national platform but is not in order when it interferes with delinquent democratic office holders. The fact that these papers are attacking Mr. Roosevelt is the best of evidence that he is doing his duty.

We have received a copy of "The Great West," a pamphlet of nearly three hundred pages, giving a comprehensive history of the trans Mississippi states and territories, with a large mass of statistics. It is prepared by Mr. F. I. Phelps, secretary of the inter-state deep water harbor committee and editor of the Colorado Exchange Journal. This is published monthly at fifty cents per number. Those who wish to gain information regarding the great empire west of the Mississippi should subscribe for this periodical.

The Johnstown finance committee has issued an address stating that all the funds in the hands of the committee have been expended and that there is immediate need for more money. The various committees throughout the country that have collected funds are urged to forward them at once. The following is the concluding address:

All funds sent from this city were forwarded to Governor James A. Beaver. He is chairman of the flood relief commission and has issued the following address:

"It is the [illegible] of the funds in the hands of the flood relief committee to [illegible] how [illegible] are to be [illegible] of, and [illegible] of the [illegible] way [illegible] of and [illegible] for the [illegible] and [illegible] that the following principles shall [illegible] the distribution of [illegible]:

There was a general feeling that more money was being raised than could be used. But the above shows that this was not the case. The people who gave so liberally to the [illegible] fund from this city can feel that their money is being wisely applied to help those who need it. Had the whole country acted as liberally as this city, some fifteen millions of dollars would have been raised, and there would be no need of these repeated calls.

WASHINGTON, July 2.—Secretary Noble has addressed a letter to Commissioner of Pensions Tanner, in which he calls the attention of that officer to the following regulations applicable to the pension bureau:

Order No. 108, January 8, 1885.—Owing to the pressure brought to bear from all quarters to take cases out of the regular order, and as poverty and hardship [illegible] further delay can be alleged of [illegible] every applicant alike, therefore cases will be taken out of their order only when [illegible] therefor is shown to the commissioner in writing as would [illegible] other worthy claimants whose claims precede them, should they know the facts, that such action is proper. Hereafter no case will be advanced that is not clearly within this rule.

In his letter the secretary continues: It is hereby further ordered that this rule will be extended so as to embrace cases only when the applicant is in very great destitution or at the point of death. This regulation will not only be strictly enforced, but attorneys, agents or others prosecuting applications contrary to its language and spirit will be debarred from practice before the department. You will have this made public.

A MORNING SENSATION.

CHICAGO, July 2.—The people on the State street side of the Palmer house at half past twelve o'clock to-day were startled and horrified by the appearance of a man climbing out of the window and making his way along the cornice over Lappum's shoe store, clad in nothing but a sheet.

After feeling his way for about twenty feet, the man suddenly gave a yell and dropped down and at fifteen feet, slipping on the cornice which supports the [illegible] sign, [illegible] was put up in the sign and Patrick Sullivan, a [illegible] employe volunteered to capture the man who was evidently insane. As Sullivan started up the cornice gave a shriek and springing clear off his standing place on the cornice, fell to the pavement striking on the back of his head fracturing his skull and injuring his back very severely.

The man proved to be G. W. Hull, a prominent young civil engineer of Louisville, Ky., who arrived in Chicago on Sunday from Washington, where he had been attending the convention of the Patriotic Order Sons of America as delegate from Colorado. The clerk of the hotel said on examination in the city notified that he had been at the hotel for a day or two but did not participate such a result. Dr. Hayes, who attended the injured man, says his injuries are very dangerous but he may recover.

WHAT ADVOCATES THE GRAND JURY.

DENVER, July 2.—Hearing was had this morning before Judge Stone in the contempt case of Deputy Secretary of State Wyatt. Wyatt's counsel, Assistant Attorney General Babb, argued the case for Wyatt and refused to give up the keys and the charge was withdrawn. Judge Stone, however, advised that the grand jury proceed slowly in the matter to which Mr. Wyatt had refused obedience up the keys and if he still persisted in denying them entrance to bring in a bill for contempt and arraign Mr. Wyatt before that body on this charge. The jury on visiting the state house this afternoon was given additions to the rooms desired by Mr. Wyatt.

THE THREE-YEAR-OLD RECORD.

MINNEHAHA, July 2.—One of the features of the first day's programme at Minnehaha Driving park was a trial against time by Axtell to beat the three-year-old world's record which heretofore was 2 18. The start was made at the conclusion of the regular programme. After warming the young stallion up for one mile and a half Williams the owner and driver got the word. The first quarter was made in 31 seconds, the half in 1 04, the third quarter in 1 40 and the mile in 2 16, thus lowering the record by 2½ seconds. This was trotted in the face of strong wind and in a heavy atmosphere.

THE LOUISVILLE BOYCOTT.

LOUISVILLE, July 2.—President Davidson and the manager of the Louisville base ball club to-day surrendered that organization to the American association. A meeting will be held here or in some of the western cities within a few days to determine what disposition will be made of the club.

BURKE EXTRADITION CASE.

WINNIPEG, July 2.—The extradition case of Martin Burke, for complicity in the Crouse murder, was resumed this morning. The time up to 1 o'clock when adjournment was taken was used in the advancing of technical objections by Burke's counsel, all of which were overruled.

HOW TO MAKE MONEY.

Colorado Springs is rapidly increasing in population in the last year. It has doubled in the last three years, which is a better record than has been made by any other city in the west. It promises to grow more faster than ever and a sure way to make money is to invest in real estate while lots are low. The following are only a few of our sales:

New three roomed cottages on installment on monthly payments of $5.

Rooms to rent on monthly payments of $1.

Elegant lots on Cascade, Tejon and Nevada avenues, on easy monthly payments of $5.

Fine lots only a few blocks from P.O., on monthly installments of $5. These are located in sections for low prices and easy terms.

New house to rent for $15. Bargain.

House and half acre of ground $1100. Snap.

Good ranches cheap.

Good livery business for sale, cheap or will put cash with it and trade for real estate.

Lots in three Denver additions to trade for Colorado Springs property, have 14 acres in one bunch.

Lots, south side, good for garden. Fortune.

Extensive Corporations are now buying up all the best and cabe lines and transportation lines. Fortunes are constantly being made by those who buy now before they get into operation and get the benefit of the increase in values their improvements will bring.

GREEN MOUNTAIN FALLS

Senator Chas. E. Noble registered at the hotel on Sunday.

Granville Malcolm, of Denver, is a guest of Chas. H. Stickney, esq.

Mr. H. N. Wood, of Denver, finds his weekly trips conducive of much rest and comfort.

The evening hop at the "Pavilion" will be furnished with fine music in charge of Prof. Natschke.

L. A. Peake and wife, of Colorado Springs, spent Sunday here to make permanent summer arrangements.

Deputy Sheriff Waite of Colorado Springs and family are here hoping the cool air will restore their child to health. The little one is rapidly recovering.

Mr. W. H. McIntyre came up Sunday to reflect on the comparative value of real estate at the Falls and Colorado Springs. Like other wise men, we think he knows a safe investment when he sees it.

Mr. John Potter made the young people happy last evening by inviting them "to fill the Alligator" and enjoy the lake. We think Mr. Potter found it no joke (not even one of his) to row such precious freight over the turbulent waters.

The following arrivals were registered yesterday: Granville Malcolm, H. N. Wood, Denver; J. H. Olmes and wife, Pueblo; Miss A. M. Crain, M. Forshall, D. H. Jenkins, L. A. Pease and wife, C. H. Dudley and wife, W. H. McIntyre, C. E. Noble, C. S. Tindlam, F. W. Terry, Colorado Springs; Dr. W. H. Day, wife and daughter, Kenawa, Ill.; Prof. T. Natschke, Cincinnati; Miss [illegible] Steinwald, New York; L. M. Allan, De Kalb, Ill.; P. O. Rudolph and wife, Rocky Ford; E. B. Creighton, Fred Smith, Manitou.

The Glorious Fourth will be patriotically observed by the Falls company, so that all lovers of country life who care little for the confusion of a large city will be favored with a lively day in the well ordered town. The Bostonians will arrive at 8:30. During the day they will be tendered a be[illegible] quet.

Most Splendid Operatic Performance Ever Given in Colorado Springs

[illegible] Spring [illegible] The famous [illegible] Pinafore [illegible] Follows [illegible] young than the [illegible] more [illegible] years ago [illegible] company [illegible] perfect orchestral [illegible]

Miss Marie Stone was the Galatea, the [illegible] and her acting was fine. Which her voice is as smoothly toned as one could wish to hear. Her first solo after leaving the statue was perhaps the most pleasing.

The Pygmalion of Tom Karl, was well sung and well acted. In many respects he has not his equal as a tenor on the stage.

Jessie Bartlett Davis, the famous contralto, sang in the part of Cynisca. It is said to be one of her best, and she did her work grandly.

There is only one H. C. Barnabee and consequently only one Chrysos. His humor is exquisite and of the highest order. The part of Leucippe gave W. H. MacDonald very little opportunity, and the same can be said of the Myrine of Miss Carlotta Maconda. One of the most pleasing voices was the bass of Eugene Cowles as the priest. It will be a satisfaction to know that the audience to night will hear more of it, when Fatinitza will be produced.

Considering the "go" with which the opera was given, the splendid chorus and orchestra, the h[illegible] and stage setting and the [illegible] in the cast, the performance was the most perfect ever given in this city.

Dr. [illegible] and Dr. Brown.

The case of Dr. Berry, the patent medicine man, which was referred to in yesterday morning's GAZETTE, came up for trial in Justice Shideler's court yesterday afternoon at 2 o'clock. The prosecuting witness is one Dr. Brown, who has recently located in this city, who charges that Dr. Berry defrauded him out of over $200 in California some two years ago. Judge Harrison appeared for Berry and Judge Fields for Brown, and for a time made a very interesting case to the large crowd that had assembled while wrangling over the points of law. No witnesses were examined and it is difficult to get the facts in the case, but as they could be learned it seems that Dr. Brown claims that he loaned Dr. Berry some money in California and that he took a mortgage on certain property as security and that afterwards Dr. Berry ran away with the chattels. As there was not a copy of the revised statutes of California to be had and it was impossible to tell how such an affair is regarded in that state, the case was continued until nine o'clock this morning. Dr. Brown gave a bond to secure the costs of the case and Dr. Berry was allowed to go upon his own recognizance.

P. O. S. of A. Ex[illegible]

COLORADO SPRINGS, July 2, 1889.

Camp No. 23, Patriotic Order Sons of America, accompanied by the Fire[illegible]'s band, will leave Colorado Springs at 3:45 o'clock a. m., July 4th, via D. & R. G. railroad, to take part in the celebration at Denver. The procession will move at one o'clock p. m. from the corner of Eighteenth and Arapahoe streets.

All friends are cordially invited. The party will be treated to a number of musical selections by the acknowledged leading band of the state.

Trains leave Denver, returning, at 8:15 and 11:30 p. m. Those who wish to leave this evening at 4:30 will meet the delegation at 7 o'clock Thursday morning and march to headquarters.

Committee.

Last April the board of education selected a majority of the teachers of the city schools for the ensuing year, leaving only three to be chosen later. Yesterday the remaining three were selected as follows: Miss Ida Springer, Miss Lou Allen and Miss Margie Elmore. None of the ladies are residents of this city, but come with the highest recommendations as teachers.

The game of ball yesterday between the Colorado Springs club and the Boulder club resulted in a victory for the former by a score of 16 to 9. Until the seventh inning the Springs club played good ball, but at that point apparently concluded not to try longer. Perhaps the most remarkable play by the Boulders was a home run by Skinner after knocking the ball over the fence.

The police last night arrested two Englishmen for interfering with a street car driver and two other men for fighting. Had whisky secured to be the trouble in both cases. They were lodged in the center and will face Judge Bailey this morning.

WEDNESDAY, JULY 3 1889

The board of county commissioners continued its work as a board of equalization yesterday

The New York aquarium cars are advertised to be on exhibition at the Midland depot to day

Mr Phillips has been appointed administrator of the estate of his uncle the late C M Leffold, of Manitou

Mrs Minnie Gutterson and child of San Francisco, arrived in the city yesterday and is the guest of Mrs L. E. Dwinell.

In another place will be found a notice of Vict[illegible] boarding house No 118 North Tejon street that may be of interest

The Pike's Peak restaurant in Manitou is taking the lead for first class meals, lunches and ice cream See their ad. elsewhere.

"The Great West," by Mr I. F Daun, of Denver, brother of I. C Daun, is on sale at the various book stores of the city. It is of interest to those living in the west and those contemplating doing so.

W. R Jewell, the Manitou Electric Light company's embezzling manager, appeared before Justice Shideler yesterday morning and waived examination. The justice fixed his bond at $1,000, which he was unable to give and he was remanded to jail.

A pleasant tea, dinner was given at 201 South Weber street last night in honor of the ladies who took part in the "Tinker Carnival" at the First M. E church some two weeks ago One of the city bands was present and rendered delightful music

Barnabee, the exceedingly comical man of the Bostonians who appears to night as the pasha in Fatinitza relates that the celebrated harem scene in this opera never went better than in Salt Lake The Gentiles were extremely pleased at the flies of wit levelled at the peculiar institution and the Mormons themselves were enthusiastic no doubt at the pointers they got as to the best way to manage a plurality of wives

The case against the Salvation army came up in Magistrate Battey's court yesterday morning, a large crowd being present. Judge Fields appeared for the defendant and Judge Hamilton for the city. Judge Fields made a motion for jury trial, which was signed at length, [illegible] then took a recess until 2 o'clock, at which time the magistrate announced that the trial would be by jury. The case was then postponed by mutual agreement until 10 o'clock Friday morning, to prepare for trial.

A young man named D. M. Dunn, who has been employed as night operator and ticket seller at the Rio Grande depot for some time, was arrested at Pueblo on Wednesday night and brought to this city, charged with stealing the proceeds of three tickets to Denver. He came to the Rio Grande from the Union Pacific, where he was trusted and well liked, but was found to be incompetent for the work here. After being discharged, his accounts were checked up and found to be short. He was turned over to Sheriff J[illegible].

A distinguished party of capitalists who have recently been visitors at Manitou, were in the city yesterday for the purpose of looking over properties with an eye to investment. The party is composed of Mr. B[illegible] of Hotchkiss—Kan., president of the Empire Loan and Trust Company, Major B. R. Cronin, of Brooklyn, N. Y., [illegible] manager of the above named company, Mr. John Lowe, president of the Iowa Land and Improvement company, Mr. J. A. J. White and Marshal W. Tebbutt, representing a syndicate of capitalists in Albany, N. Y. They are the parties who recently purchased the old Congregational church property in this city. They are travelling in their private car.

The Bostonians will to night sing their greatest comic success, Von Suppe's famous opera comique "Fatinitza," an opera not easy of execution attempted by any other company in America. The opera requires a company of rare merit not easily obtained and has been beyond the ability of any organization other than the Bostonians At different times comic operagers like McCaull and Duff have attempted its production only to meet with failure, while it has always been a great money maker for the Bostonians since their original performance of the opera. The cast to-night is led by Juliette Bartlett Davis in the title role, an impersonation in which she is above rivalry, the criticisms of the best writers from all sections of the country admitting this fact. Juliette Golden, a rare prima donna soprano, will sing the role of Princess Lydia. Mr. Edwin W. Hoff, who shares the tenor roles with Tom Karl, Mr. Eugene Cowles, Mr Geo Frothingham, a bevy of pretty young ladies and last and greatest, the inimitable comedian, H. C. Barnabee are also in the cast. It will be a gala occasion and should prove equal to drawing a crowded house.

SHERMAN IN DENVER.

The Old Warrior and His Party Arrive at the Capital

Denver Dressed in Holiday Attire in Honor of the Day.

Loyal Legion's Grand Reception to General Sherman.

Throngs of Visitors Gathered for the Big Celebration.

Denver Celebration

DENVER, July 3.—The arrangements for the three days celebration of the national holiday commencing to morrow are completed. The city is covered with bunting and flags from one end to the other and arches of colored incandescent lights span every street crossing. The day was ushered in at midnight by the firing of cannons and the deafening reports of millions of fire crackers which continued for an hour.

Generals Sherman and Swayne who will be the orators to morrow, arrived in the city this morning on a special car attached to the Burlington express. They were met at the depot by a committee of prominent citizens and delegations from the Grand Army posts, who conducted them to the Windsor hotel where they remained in privacy during the day to rest from their long journey. This evening they were tendered a reception by the Loyal Legion of Colorado at the conclusion of which General Sherman and party went to the Tabor Grand Opera house where a box had been secured for them, to witness Augustin Daly's company in "The Lottery of Love." When the old soldier appeared at the entrance of the theatre the entire house rose to its feet and cheered itself hoarse. After the celebration Sherman and his party will visit Colorado Springs, Manitou, Pueblo, Leadville, Georgetown and other principal cities of the state and will probably continue their trip on to the Pacific coast. The trains arriving to-night brought a great number of visitors who will remain during the week.

Denver Defeats Aspen

SPECIAL TO THE GAZETTE.

ASPEN, July 3.—After an exciting contest to-day the Aspen team won a game from the Leadville club by a score of 9 to 6. The game was by no means an errorless one, but it was intensely interesting. Seven errors were made by Aspen and ten by the visitors. Conroy and Clark were the Aspen battery. Five base hits were made off of Conroy's delivery. For the visitors Fitzgerald and Whyte occupied the points. Nine base hits were made by Aspen. Following is the

PUEBLO, Colo., July 3.—The ponies lost to-day's game by a couple of rank decisions by Umpire Walsh. The batteries were Lockhaveigh and Eliff for Pueblo, and Fitzgerald and Lytle for the Springs.

Wyatt Still Here

DENVER, Colo., July 3.—Contrary to the report made in these dispatches last night, Deputy Secretary of State Wyatt refused to deliver to the grand jury yesterday the keys to the room where the furniture taken by the last assembly is stored, and consequently was arrested for contempt. He was arraigned this afternoon before Judge Stone who heard the arguments of both sides and reserved his decision until Friday.

More Evidence Needed

CHICAGO, July 3.—The state's attorney has seen reason to believe that it will be necessary to procure more evidence before Martin Burke, the Cronin suspect at Winnipeg, Other witnesses will probably be sent at once.

Barnum to go to England

BRIDGEPORT, Conn., July 3.—P. T. Barnum says he has made arrangements to take his circus to England for a season's exhibition in London. The extravagant offers made for the under taking. Barnum, however, is making this the show of his life.

Lawrey Determined.

JACKSON, Tenn., July 3.—General Lawrey has telegraphed the governors of Arkansas and Louisiana for permission to pass armed militia men through their respective states preparatory to interrupting Sullivan and Kilrain fight if they enter this state to fight.

A Highbred Horse

MINNEAPOLIS, July 3.—As the result of the remarkable performance at Minnehaha yesterday by the three year old trotting horse Axtell Robert Bonner, of New York, telegraphed the owner that he would pay $6,000 for him but the offer was refused.

McInerney in Colorado.

NEW YORK, July 3.—Dr. John McInerney, who was supposed by his friends to have shared the fate of Dr. J. L. Cronin, is not dead, but there is still a good deal of mystery preserved by those who know the whereabouts of the missing physician. Of the friends of Dr. McInerney who were seen to day there was only one who did not believe he had been "removed" by an order of the Clan na Gael inner circle, and he is William Connelly, manager of the Irish emigration bureau in Castle Garden. In proof of his assertion that the doctor is alive, he says he has received a message from the missing man saying that he is alive and in good health. Dr. McInerney is a relative of Connelly's wife. The doctor is in Colorado and has been traveling constantly since his departure from this city.

The Alton's Cut.

DENVER, Colo., July 3.—E. S. Lomax, general passenger agent of the Union Pacific at Omaha this morning notified the Union Pacific and D. & R. G. Denver offices of a notification he had received from the Chicago & Alton road relative to the rate of $26 from Denver to Chicago. Mr. Lomax declares that the Union Pacific will meet the cut and that it will go into effect, Monday, July 8, and he urges a similar rate from Colorado Springs and Pueblo on all tickets sold via Rock Island and Alton roads. Chief Clerk Wadleigh of the Rio Grande stated that the situation has as yet not been discussed, but that all the eastern roads would doubtless make a $26 rate to Chicago. The Alton's latest action makes the fare from Chicago to Denver and vice versa the same, $26, or a reduction of $4.65.

Silver Market.

NEW YORK, July 3.—The stock market to day was feverish and weak especially in the first hour and although there were material rallies the losses were in only a few instances recovered and the result of the day's operations is to leave the prices for the majority of the list materially lower than last evening. The bearish feeling extended to the entire list, although greatest weakness was the central point of attack, and Rock Island, Burlington and St. Paul bore the brunt of the selling. The greatest impairment was made upon Rock Island which dropped three per cent in the first few minutes with Burlington and Northwestern following each of which lost over 1 per cent in that time. The general demoralization was increased in the first minutes by a drop of over 8 per cent in sugar refineries to 112 on the story that the properties had been mortgaged for 850,000,000, and although the story was officially denied, only a portion of the loss was recovered. Above the delivery hour a firmer tone prevailed and the best prices since the first decline were established, but towards the close everything yielded again and the close was quiet and weak.

Davitt Continues his Testimony

LONDON, July 3.—Davitt continued his testimony before the Parnell commission to day. He stated that he would not object to joining any movement to secure the independence of Ireland if such movement were backed by forces strong enough to justify the hope of success.

Davitt said he did not approve of the Clerkenwell explosion. He regretted the attack upon the prison van in which brave policeman were killed, but applauded the men who made the attack for trying to save their friends who were in prison. He had concluded that the movements of the secret service would do no good and when released he held a conference with the leaders of the Irish Republican brotherhood in Paris regarding the advisability of an open movement. Mr. Harris, one of those whom he confided had given permission for his name to be divulged, but at the present time the witness could not divulge the names of other Irish Republican brotherhood leaders without their permission.

Chief Justice Hannen said that Attorney General Webster was entitled to press the questions as to what others were present but could not wait until the end of the examination to do so. The witness further said that he failed to win the Irish republican brotherhood leaders to approve of the adoption of the open movement, with the exception of Harris. He intended to make the question the stepping stone to the independence of Ireland. The landlords' land programme the witness said had now become the programme of the tory government. (Laughter.)

Davitt refused to say whether or not Jas. O'Kelly, a member of the house had been engaged to distribute fire arms and declared that he did not know whether the trustees of the skirmishing fund, Dr. Carroll and Dr. Leyby Dwyer, Burke and Rossitt belonged to the Clan na Gael. As there is now a hue and cry against the Clan na Gael in America for political purposes, the witness declared he must be careful of what he said but he would say that the members are all extreme nationalists. Davitt said, "Parnell and I differ because Parnell is opposed to complete separation, but if he gets his measure through I would loyally support it. If he was successful the demand for separation would eventually die."

SMOULDERING RUINS.

The Town of Hailey, Idaho, Swept by a Conflagration.

Entire Business Portion Eaten Up by the Flames.

Immense Loss Only Partly Covered by Insurance.

A High Wind Assists the Destroying Element in its Work.

Swept Away by Fire

SALT LAKE, Utah, July 3.—Fire which destroyed Hailey, Idaho, started in the Nevada bakery at the corner of Main and Carbonate streets, and spread with alarming rapidity. Everybody thought that the Merchants hotel next to the corner would stop the flames, but owing to the high wind the fire swept through a row of frame buildings to the hotel, a brick building. The flames then swept along Main street consuming buildings supposed to be fireproof as if they were tinder. The heat was so oppressive that the firemen had to desert their hose and hose carts, and consequently the town was left to the mercy of the flames.

Word was sent to Belleville, five miles south and her company hurried to the scene with all available apparatus, but too late to be of service. After leaving the Merchants hotel at the corner the fire swept south to the next block, and jumped the street to the west and returned north along the street, burning all the business houses with the single exception of Friedman & Co's fire proof building. Of four blocks of solid brick nothing is left but this one store. The burned district includes the entire business portion and takes in but a few residences so there will be no restitution.

The insurance on the property destroyed will not exceed $150,000. A number of the largest losers were not insured. Among the heaviest losers are, Koffin & Co., about $100,000; insured for $57,000; Idaho Forwarding company, $35,000; Merchants' hotel, $40,000, J. A. Rogers, $15,000, without insurance, Claud Campbell, $25,000, insured for $6,000, and many others who will range in the neighborhood of $1,000 each. The little mountain town today presents a very melancholy appearance, and what but a few hours ago was the most prosperous town in Idaho is now a mass of smouldering ruins. Nearly all the sufferers will rebuild as soon as possible.

Floods at Johnstown.

JOHNSTOWN, Pa., July 3.—The heavy rains of yesterday and last night flooded out five families in Cambria City. The water came pouring down the mountain last night and filled the first floors of houses and destroyed all the furniture saved from the big flood. There is great alarm among the people over the overflowing of the Conemaugh. The water rose five feet this morning in two hours and carried away the foothbridge above the Pennsylvania railroad station. The danger of the temporary bridge erected by the company being swept away was averted by running out cars on the bridge to save it. At 10 o'clock this morning the stream began to sink. The temporary bridge erected at the lower end of the city is all that is left. Orders were given at General Hastings' headquarters at 10 o'clock to get everything in shape for quick work as it was feared the tracks would be washed away. At half past eleven o'clock it was thought that all danger was over when a fresh storm broke over the valley and rain began coming down in torrents. The people fear the Conemaugh will again sweep over its banks and flood the town.

Flood at Titusville

TITUSVILLE, PA., July 3.—A terrific thunder storm passed over this city last evening and was followed by two cloudbursts that caused a further overflow of Church run which winds through this city. From an insignificant stream the run was turned into a furious torrent in a few minutes coursing through the streets and filling cellars and rising in some cases to the first stories of houses. Fully three miles of streets were flooded, and there was over two feet of water on the sidewalks.

Families along the line of the flood became frantic and a number of rafts were built on which women and children were taken to places of safety. The force of the water ripped up hundreds of feet of sewers. The road in the surrounding country were badly washed out. At east Titusville a number of residences were badly damaged. Several narrow escapes from drowning occurred in this city. The water poured down the side of the hills northwest of city where the cloud burst in a perfect avalanche sweeping all before it. What were fertile gardens are now stony wastes, and a number of valuable farms were ruined.

FRANKLIN, Pa., July 3.—This section of country was visited by a terrific rain and wind storm last night that did a terrible amount of damage. Hundreds of chimneys were blown down and on Bully hill, south of this city, several barns were blown over, while the damage to growing crops is heavy. In this city gardens were totally destroyed, cellars flooded and outhouses washed away.

HOLLIDAYSBURG, Pa., July 3.—One of the heaviest thunderstorms that has occurred here in years passed over this city last night causing a great flood. In three hours time three inches of water fell. By midnight the Juniata river stood fifteen feet above the low water mark and only two feet lower than on May 31st. The lower streets of the town were covered with from three to five feet of water and many people had to leave their houses. The stores and houses on the river bank were all flooded. Truck gardens and farms in the surrounding country were badly damaged, and several new county bridges and much fencing carried away. The mills of the Portage iron works at Duncansville were flooded and the fires put out. The water was higher at Duncansville than on the day of the great flood on May 31st last and the river, five feet deep, dashed through and destroyed the main street of the town. Several houses were struck by lightning here and the inmates severely injured.

The Virginia Disaster.

LYNCHBURG, Va., July 3.—The scene of the terrible disaster near Paxtons, on the Norfolk & Western Rail, is at most boyond description. There is hardly enough left of the train of eight cars that took the leap to the bottom of the awful pit to make one out.

As soon as the boiler of the engine exploded the entire mass of debris took fire. Those who went down who were not killed outright were burned to death. Portions of eight bodies have been taken out, and it is believed that fifteen others were entirely consumed by the fire. The witnesses of the wreck say that the cries for help could be heard for a mile from the wreck but those who were injured were powerless to render any assistance. One woman with a mangled scalp lay on the dam groaning for hours suffering from her injuries. Her cries were awful but she died there in agony today. Many walked long distances to farmhouses. The passengers left uninjured did all in their power for the unfortunates but they could do but little.

The debris at the wreck has been removed and a number of charred bodies have been found. The names of seven persons who were killed have been ascertained. They are all eastern people. There were about thirty people who escaped with only slight injuries and ten who are seriously injured. The list of the dead will be increased as the friends of the missing people come forward in search of them. There is no way at present to ascertain the exact number of dead, as the train was destroyed by the fire.

Kilrain Talk

NEW ORLEANS, July 3.—As the day of battle draws near the excitement becomes more intense, and thousands of people express themselves as being anxious to go to the scene of the mill no matter where it takes place. The betting on the result was not very lively to day, there being plenty of Sullivan money but little Kilrain money in sight. Kilrain men are holding back for the advent of book makers and knowing odds which are expected in. One bet of $300 to $250 on Sullivan was placed to day, and bets of $100 to $80 and $100 to $60 on Sullivan were offered but found no takers. Sullivan men are not offering odds because they underrate Kilrain, but because the latter's friends are shy just now. Prof. Butler will have charge of the ring police, who will number two hundred men. The managers of the fight give assurance of good order being maintained. A special train left over the Queen and Crescent route to day having as passengers the managers and friends of the two sides, and they did not return until late to night. The Young Men's Gymnasium club held a meeting to night to arrange for the reception of Sullivan, who will reach here to morrow.

Kilrain Expected

CUMBERLAND, Md., July 3.—The B. & O. mail train due here at 4 p. m. was delayed by the stops Kilrain and his party were on board. The party took supper at the Queen City hotel. Kilrain said he did not want to talk, he wanted to eat, but felt first rate and expected a good night's sleep.

John Q. Cannon, a candidate for the next speakership of the house of representatives, was in the car next to that occupied by Kilrain, and on the rear of the train in a private car were Mrs Harrison, "Baby McKee," Private Secretary Halford and Dr Scott. The president will join them at Deer Park in a few days.

During the heavy storm this evening here Mrs Claydon was struck by lightning and badly burned, and at Ellerlie an unknown man was killed.

Hull Recaptured.

CHICAGO, July 3.—George Hull, of Leadville, Colo., who jumped bail from a second story window of the Palmer House yesterday to escape from imaginary Clan na Gael conspirators, is rational at times this evening and apparently in a fair way to recover from his hurt, which is not believed to be serious.

THE COLORADO CITY ROAD.

What is Being Done to Make the Popular Drive.

For a long time the residents of El Paso county have had reason to complain of the condition of the road between this city and Colorado City, but in a very short time now they will have no more reason to complain, at least not for a time. Several weeks ago the county commissioners decided to have the county's portion of the road put in condition and since that time Mr. David McShane has had a large force of men at work upon it. At the last meeting of the city council an order was made for grading the west end of the hill on Huerfano street and otherwise improving the city's portion. As the Colorado City portion of the drive is already in very fair condition it will be seen that the public has not long to suffer. A GAZETTE representative yesterday accompanied Mr. McShane over the road to inspect the work that has been done. Beginning at the western limit of Colorado Springs, the road has been graded and filled with gravel clear to the Colorado City line, which ends just west of Mr. A. Z. Sheldon's residence. The gravel is being brought from the side hills near by and is made to cover the old adobe soil on the top. In conjunction with the work the city street car company is raising its track to conform to the grade of the road. Mr. McShane expects to complete his work in about a week. His bid for graveling the road was 80 cents per cubic yard, and it will take about 7000 yards. That portion of the road which has been worked longest and has had a good soaking rain or so upon it, has begun to pack hard. It is a matter of congratulation that the road is being improved as it is probably used more than any in the west, outside by strangers.

A great difficulty experienced in putting the road in shape is the large amount of travel, as it is cut out by carriages before it has time to harden. Persons who do not wish to drive on this road in its present unsettled condition, will find the road through East Colorado Springs, just two blocks north, in good condition.

THE WAGON!

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!
Only 3 Blocks from The Antlers Hotel!
Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 110 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and when I tell you I will sell you a First-Class

LOT IN PARRISH'S ADDITION FOR $350

To $1,000 a full size lot 50 by 190 feet, do not hesitate a moment about buying. You can buy two lots on a corner, and build pretty little cottages across them, giving each cottage a neat, pretty little yard, and hardly cost them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE CHEYENNE CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the Mt. Rosa up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $100 to $400. They have much the same relation to COLORADO CITY, As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northwest of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are located in this location just south of CALVERT HEIGHTS. I have arranged to hold every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS ARE MAGNIFICENT!

I last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to Your Investment as Many Lots in CALVERT HEIGHTS as you can afford to buy, with the result that before the year is out, *you will again be glad that you have taken my advice.*

CALVERT HEIGHTS!

There are not very many lots altogether, and those who apply last may find the most all gone, and will have *to Pay an Advance.*

There who have the proper regard for the safety of the city will carefully avoid the use of firecrackers within the limits stated in the mayor's proclamation.

The friends of Governor Hill find William C. Whitney a convenient man to attack and criticise just now. Mr. Whitney is becoming too prominent as a presidential candidate to please the following of the New York executive.

The story of the New York Times to the effect that a number of the democratic national committee had openly boasted that he knifed Cleveland called forth an indignant letter from Hon. C. S. Thomas, the committeeman from Colorado, in which he claims to have hunted the matter down and finds it a slander.

The New York Star says that Colonel Brice is a democrat whose career illustrates the old democratic doctrine of self reliance. The Star might have added that his election to the office of chairman of the democratic national committee illustrates the fact that the democratic party still clings to the leaders whose methods have so often brought defeat on the party.

There is some doubt as to when the new minister to Hayti, Frederick Douglass, is to present his credentials. The United States government heretofore has very carefully avoided the direct recognition of either of the claimants to the government of the island. But if Mr. Douglass is to go to his post at once it will be impossible to longer avoid this recognition.

Dr. Potter says that in colleges to which both sexes are admitted the women are carrying off their full share of the prizes, and the facts would seem to bear out his statement. The report for the college year just closed at Wesleyan university, Middletown, Conn., shows that prizes for political science, natural science and English literature were awarded to young women.

The convention of the American Society of Civil Engineers which has just closed its session in New York, has authorized the president to appoint a committee to investigate the purity of the water supplies of the principal cities of the country. The report of this investigation will be interesting and probably fruitful of good results. Few things are of more importance to a community than the purity of its water supply.

An interesting decision has just been rendered by a judge of the circuit court of Indiana, declaring the lately enacted meat inspection law unconstitutional on the ground that by it the state undertakes to supervise and regulate interstate commerce. A similar law was passed in Colorado by the last legislature and those who opposed it at the time it was brought up are hopeful that a decision can be procured against its constitutionality as has been done in Indiana.

"Three cheers and a ribbon."

To the Editor of the Gazette.

Why is it that the GAZETTE—a paper which has always advocated reform—always grasps an opportunity to speak against prohibition? Surely the GAZETTE is not afraid to advocate a reform as mighty as this, when some previous reforms which it endorsed were far less important than this. But to an outsider who has the interests and welfare of the community at heart, it seems that the paper's policy is inconsistent, inasmuch as it has made an exception of this most vital reform. THOUGHTFUL.

The GAZETTE has so often and so thoroughly discussed the question of prohibition and the position taken by it on the subject that it seems scarcely possible that any of our readers can misunderstand either that position or the motives for taking it. But to cover the ground briefly again for the benefit of "Temperance" the GAZETTE is not opposed to prohibition applied under practicable conditions. It is, however, heartily opposed to the system of state prohibition which does not prohibit. This is the system advocated by the prohibition party and the result of elections in eight states in which the question has been fairly and squarely put within the last two years shows that the vast preponderance of public sentiment is opposed to the system because it is not practicable. It is a comparatively easy matter to have a prohibitory law placed on the statute books but when at least a majority of the people are opposed to the law its enforcement becomes simply an impossibility and a law unenforced is far worse than no law. But prohibitionists will either not see this or seeing it will not acknowledge it and go steadily on with their cry of disappointed and defeated politicians. Nor can it be charged that these majorities all come from any sympathy or any association with the saloons. They can rest only on deep and honest conviction. The sincerity, honesty and public spirit of the vast majority of those who voted against the prohibition amendments in Pennsylvania, Massachusetts and other states cannot be questioned. In casting their votes against they were actuated by a wish for public morality and personal sobriety equally as earnest and sincere as were the prohibitionists who voted for the amendment. But, if prohibition has been defeated, there is nothing in that defeat which will prevent the carrying still further the system of high license, which has already in many cases of bringing about many wholesome reforms. Or there are communities in the country where the preponderance of public sentiment, as in our own city, is in favor of prohibition, and where prohibitory laws can be enforced. In these communities local option is both possible and practicable. With these two systems of local option and high license a vast amount of good can be done, and a step in the direction of total prohibition taken. With them it is possible to educate public sentiment and make prohibition practicable. If "Temperance" and others of his party would assist in this education by supporting high license and local option, they can do far more for the true cause of temperance and morality than by attempting that which is impossible.

MANITOU SPRINGS.

Special to The Gazette from the Saratoga of the West.

The Iron Springs will give a fine display of fireworks to night.

Mr. R. A. Wilson, the real estate agent of Denver, is at the Barker with his wife.

Mr. S. Lyons, an extensive crockery merchant of New York city, is a guest at the Barker.

The Manitou band will be out on the street this morning, celebrating the glorious Fourth.

Manager Pond accompanied by a number of "The Bostonians," was in Manitou yesterday.

Mr. W. O. Brinker came down from Denver yesterday and joined his wife to spend the Fourth in quiet.

Dr. Oliver C. Brown, a prominent physician of Elizabeth, N. J., is at the Sunny Side with his wife.

Messrs. Samuel Wilder and H. S. Woodruff, of Colorado Springs, dined at the Iron Springs yesterday.

A party of St. Louis ladies, Misses Moffitt, Pollard and Perkins are guests at the Iron Springs. They will remain during the entire season.

Mr. D. H. Fairley, of Colorado Springs, accompanied by his friend, Mr. J. T. Matthews, a dry goods merchant of Chicago, registered at the Barker yesterday.

Mrs. Geo. H. Smith, of Chicago, the wife of the assistant general ticket agent of the Rock Island road, in company with Miss A. L. Johnson, is a guest at the Cliff.

A small party of guests from the Iron Springs attended the Bloomians last night. Wm. Fries and wife, Mr. S. L. Hecht, Mrs. W. H. Hecht, and her daughter, Miss Sadie Hecht.

Mr. Fred G. Dulkley with his brother, Mr. Frank Dulkley, is a guest at the Cliff. These gentlemen are from Aspen, the former being a mining expert, having been engaged for some time on the Apex claim dispute.

Mr. W. E. Street, of Darien, Conn., the secretary of the Pennsylvania Coal company, and general passenger and freight agent of the Wyoming Valley road, is spending a few days at the Iron Springs. His wife is with him.

The Cliff has made arrangements for a very fine display of fireworks this evening, at considerable cost. The hotel veranda was gracefully decorated with red, white and blue bunting last evening. After the fireworks the dancing will begin. This will be their first hop of the season, music being furnished by Galgano's band.

At the last meeting of the town board an ordinance was passed providing the hack and excursion drivers of the town two stands, for their vehicles, one on Manitou avenue, from Pine Knot cottage to the Journal office, the other in front of the soda spring. While soliciting passengers they will be required to remain in these limits.

A party of distinguished capitalists arrived in a special car from the east and are stopping at The Manitou. The party number fifteen in all, among whom are Mr. Benjamin Blanchard, president of the Empire Loan and Trust company of Hutchinson, Kas., Major B. R. Corwin, Brooklyn, eastern manager of the same company, Messrs. John Lowery, Marshall Tebbutt and John G. White, Albany. Some of the party will remain in Manitou the entire season.

The Gazette's Total Loss.

New York, July 3.—A dispatch was received by George Gould, president of the Pacific Mail Steamship company, today from San Francisco verifying the report of the loss of the company's steamer Granada on the rocks at Punta de Joan. The vessel and cargo will be a total loss. The Granada was valued at $275,000 and her cargo at $500,000.

The Appleton Loan Sold.

CHARLESTON, S. C.—The Manchester Ship Canal company of England has bought the Appleton but unproductive Appleton jetty, consisting of which cost $1,000,000. It is supposed the company will use ships from Port Royal to England to carry phosphates and lumber from the interior.

CAHN'S ADDITION—In Mr. Cahn's First Addition I can sell lots on Chestnut street, overlooking the city, for $500 each, on long time. These are the finest of the few lots fronting east on that street, and are only half a block north of street car line. On Huerfano, Grant and Cascade streets, at the top of the hill, I can sell choice building lots for $400 each. NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that on Monday, the 5th day of July, A. D. 1889, being one of the regular days of the July term of the county court of El Paso county, in the state of Colorado, I, Andrew L. Lawton, administrator of said estate, will appear before the judge of said court, and ask for my final settlement as such administrator, and pray the approval of the same, and will then apply to be discharged as such administrator. At which time any person may appear and file objections to the settlement if any there be.

Dated at Colorado City, Colorado, June 27th, 1889.

ANDREW L. LAWTON,
Administrator of the estate of Susan W. Bartlett, deceased.
